

Our mission is working for you.

“Hired is a great way to get into different careers. There are a lot of opportunities there and good people who can help you navigate where you want to go.”

–Bri

hired

At Hired, we help participants discover their strengths, set career goals, and explore their interests. We provide career training and educational opportunities focused on the skills that are in high-demand for employers hiring today. We connect people with employers and walk alongside them until they find work that will pay family-sustaining wages—setting up a stronger, more prosperous future for themselves, their families, and our community.

Our Services

- **Individual Employment Counseling and Support:** Support from a professional employment counselor to identify skills and career goals, update durable and digital skills, update a resume, refresh interviewing techniques, identify job leads, and make connections with hiring employers.
- **Career Training and Skill Development:** Free workshops and trainings that build in-demand skills in high-demand fields, lead to certifications or employer-recognized credentials, and help people prepare for and find their next job opportunity.
- **Connections to Resources and Financial Assistance:** For participants with limited financial resources, we'll make connections that can help meet certain expenses while preparing for a career and seeking employment.

Who We Serve

- **Youth and Young Adults:** Helping young people 16–24 years of age overcome barriers to education and employment and prepare for promising careers.
- **Unemployed or Underemployed Individuals:** Supporting job seekers who are unemployed or underemployed to build confidence, learn new skills, and gain employment.
- **Families Receiving Public Support:** Working with families receiving assistance through the Minnesota Family Investment Program to gain stability and progress toward employment.

Eligibility Details

Program enrollment may depend on city of residence, employment status and household income. Visit hired.org for specific program eligibility details.
